INFORMATION ON HOW TO EFFECT DRAWING CHANGES

1. Correction of Informalities--37 CFR 1.85

The new drawings with the changes requested therein. The application number or the title of the invention, inventor's name, docket number (if any), and the name and telephone number of the person to call if the Office is unable to match the drawings to the proper application should be placed on the back of each sheet of drawings in accordance with 37 CFR 1.84(e). Applicant may delay filing of the new drawings until receipt of the Notice of Allowability (PTOL 37). Extension of time may be obtained under the provisions of 37 CFR 1.136. The drawing should be filed as a separate paper with a transmittal letter addressed to the Drawing Processing Branch.

2. Timing for Corrections

Applicant is required to submit **acceptable** corrected drawings if the three-month shortened statutory period set in the Notice of Allowability (PTOL 37) is determined to be unacceptable by the Office. The drawings may change to have acceptable drawings submitted within the original three-month period beyond the necessity of obtaining an extension of time for filing the drawings. Therefore applicant should file corrected drawings as soon as possible.

Failure to take corrective action within set forth herein will result in **ABANDONMENT** of the Application.

3. Corrections other than Informalities Noted by the Drawing Office or Examiner (37 CFR 1.104B)

All changes both descriptive other than informalities, non-112, and Drawing Review Branch, MGSF be approved by the Examiner before the application will be allowed. No changes will be made to the drawings without the correction of formalities, unless the examiner has approved the proposed changes.
